**Smoke Inhalation Expels Catarrh**

**Send Ten Cents for Trial Outfit**

There must be readers suffering from chronic catarrh who would like to know how they can stop catching cold after cold, for they must realize that sooner or later this may lead to serious deafness and injury to the system in general.

Dr. Blosser, a respected physician, and for forty-three years an enormously successful specialist in catarrh, is the discoverer of a direct method that can be used by man, woman or child.

His Remedy is made from medicinal herbs, and berries, which you smoke in a dainty pipe or cigarette, and inhale the vapor into all the air passages. It contains no tobacco, even though it is used in the same manner.

Dr. Blosser's Catarrh Remedy is equally effective in all forms of catarrh, bronchial irritation, asthma, catarrhal headache, and ear troubles that may lead to deafness. You will breathe better and feel better after using it.

For ten cents (in coin or stamps) a small package will be mailed, containing some of the Remedy made into cigarettes, also some of the Remedy for smoking in a pipe and a neat little pipe. Address: Dr. Blosser Company, Box 4218, Atlanta, Ga.

NOTE—Should your druggist not carry Dr. Blosser's Catarrh Remedy in stock, he can secure it for you. Druggists do not supply the Trial Outfit.—(Adv.)
